Peirce Service Organization (PSO)

Peirce Remote Learning School Meeting presentation - September 1, 2020

PEIRCE

SCHOOL OF INTERNATIONAL STUDIES

The mission of the Peirce Service Organization (PSO) is to foster connection and collaboration amongst the members of the Peirce community.

- plan events and activities to support the faculty, students, and families of Peirce.
- coordinate the classroom Room Representative (Room Rep) Program.
- coordinate new families Mentor Program.
- encourage Peirce family involvement in the school, providing information about other volunteer opportunities at the school.

Cecilia Bocanegra, PSO President

Ashley Heins-Elwood, PSO Vice President /

Rebecca Radoszewski, PSO / FOP / Meet up Event Coordinator

Jill Garvey & April Browning, Room Rep Co-Coordinators

PEIRCE

SCHOOL OF INTERNATIONAL STUDIES

Changes to the Room Rep Program in Remote Learning Environment

Room Representatives play an important role in building and maintaining community at Peirce as well as providing support for various activities at the school - acting as connectors between families, the Peirce Service Organization (PSO) and the classroom teachers.

For the 2020/2021 school year we are adopting a model in which each grade level will have a team of room reps (Parent Support Teams) who will work closely together to fulfill the responsibilities.

We've added some additional areas of support room reps may need to provide in the virtual environment.

PEIRCE

SCHOOL OF INTERNATIONAL STUDIES

Changes to the Room Rep Program in Remote Learning Environment

Parents will be organized in Parent Support Teams collaborating together across the grade level with centralized information being provided by the Room Rep Co-Coordinators.

To Support:

- Communications between families and teachers
- Coordination with classroom teachers in various ways to support learning environment
- Coordinating teacher gifting and staff appreciation

New:

- Tech Specialists - providing supplemental technical support and training to families
- Mentoring new families and assisting individuals to find resources they may need
- Encouraging and coordinating social coordination and meaningful connections of families at grade level

PEIRCE

SCHOOL OF INTERNATIONAL STUDIES

Interested in being a member of the Parent Support teams?

There are many ways to contribute. We would love to have you join the team!

New Resource: Peirce Parents Social Meet-Up

Website: <https://www.meetup.com/Peirce-Parent-Social-Meetup/events/>

New platform for Peirce families to coordinate social activities with each other for families and their children.

- **Private to Peirce Families**, must request and be approved to join.
- Any member of our community (after some orientation and training) can host events.
- Virtual or Safe and Socially Distanced outdoor activities
- Encouraging Room Reps/Family Support teams to coordinate activities at grade levels.
- Not Social Media - so you don't have to be on Facebook to see the events.
- Variety of activities - (examples include regular weekly walking groups, socially distanced playdates, virtual game nights, or parent resource book clubs).
- Robust Mobile platform - can plan and register events through personal mobile devices, not requiring email or computer access.

PEIRCE

SCHOOL OF INTERNATIONAL STUDIES

Mentor Program

During remote learning and social distancing, Peirce families will need additional support. We are recruiting parent mentors who can help new families as well as existing parents/caregivers during the first few months of the school year. The mentoring period will end after the first quarter (or the end of November).

A parent/caregiver mentor will work with other Peirce School families to offer information and support to ease their integration into the school community or re-engage with the school. This support might include:

- Providing basic info on how the school functions and navigating remote learning.
- Introducing new families to other families
- Encouraging them to get involved in school activities
- Connecting them to tech help or social/emotional support services
