# PYP Behind the Scenes Part 2: Assessment in PYP

— Presented by the Peirce Advisory —  
Council (PAC)

---

---

Kimberly Lebovitz - PYP Coordinator

TAKE THE QUIZ

**"Algebra will be important to you later in life because there's going to be a test six weeks from now!"**

# PEANUTS

featuring  
"Good ol'  
Charlie Brown"  
by SCHULZ

# C

# Assessment and Learning

## Assessment for learning

- Learner-centred
- forward thinking
- involves the entire learning community
- a collaborative effort
- determine what students already know and can do with further guidance

## Assessment as learning

- helps students to take responsibility and develops enthusiasm and motivation for their learning
- encourages students to actively design, manage and measure their own learning
- self-assess, to reflect on and to make adjustments in future learning.

## Assessment of learning

- opportunity to gauge their acquisition of knowledge, development of conceptual understandings and skills during the inquiry.

# PROTOCOL FOR CLASSROOMS

**Just Observe – Please do not talk to the students or teachers**

**Please do not judge the students or teachers**

**Focus on moments of inquiry**

**Please do not take pictures or video**

# Characteristics of effective assessment

- **Authentic:** It supports making connections to the real world to promote student engagement.
- **Clear and specific:** This includes desired learning goals, success criteria and the process students use to learn.
- **Varied:** It uses a wider range of tools and strategies that are fit for purpose in order to build a well-rounded picture of student learning.
- **Developmental:** It focuses on an individual student's progress rather than their performance in relation to others.
- **Collaborative:** It engages both teachers and students in the assessment development and evaluation process.
- **Interactive:** Assessment encompasses ongoing and iterative dialogues about learning.
- **Feedback to feedforward:** It provides feedback on current learning to inform what is needed to support future learning and raises students' motivation.

# Effective Assessments

- are mindful of the well-being of students to ensure self-assessment promotes a positive sense of agency and self-efficacy
- provide timely, specific and well-considered feedback that students can act upon
- provide students with opportunities to experience success
- challenge students to take risks to extend their learning
- challenge students when there are misconceptions or misunderstandings so they can self-correct
- support students in viewing mistakes as learning opportunities.

# Effective Assessments

- provide multiple opportunities and contexts for students to practise their skills
- clearly define and communicate learning goals and success criteria with students and parents
- design guided and open-ended learning experiences that allow for a range of opportunities to demonstrate skills in different contexts
- collect and use observable learning evidence that can be seen, heard or touched
- identify where and when students are most ready to learn and be challenged.

# Reporting on Student Learning

- Student Led Conferences
- Parent-Teacher Conferences
- Student-Parent Conferences
- Peer Assessment
- Self Assessment

# The Exhibition

Still Have  
Wonderings...
